Blended Training Program

The training utilizes a blended learning approach to maximize flexibility and engagement:

- Virtual/E-learning (6 hours): Pre-training material, "learning nuggets," and theoretical modules hosted on the project platform.
- In-person/Synchronous Workshop (9 hours): Hands-on application, the e-GUIDE workshop, collaborative planning, and validation assessments.

Co-funded by the European Union

Target Groups

The training utilizes a blended learning approach to maximize flexibility and engagement:

- Participants: 10 Youth Workers (YWs) per country/partner organisation.
- Profile: Active youth workers, volunteers, and educators involved in planning, executing, and supervising youth activities (workshops, camps, festivals, mobility).
- Inclusion: Priority is given to youth workers operating in diverse contexts, including those working with marginalised youth or in rural areas.

Tentative Dates

The timing is flexible to allow a common implementation framework.

Each partner organisation to define and organise its own training pathway within this timeframe.

- Preparatory Virtual Phase: Starting end of September 2026
- In-person Training Workshops: Starting end of September 2026
- Final Skills Validation: Mid of November 2026
